## FROM THE SELECTMEN'S POINT OF VIEW

This year's cover photo of Mt. Washington as seen from Sugar Hill, was taken by Mr. Donald Eastman of Franconia. We suddenly realized that, in the language of the younger generation, we had a "hang-up" with cover photos of Mt. Lafayette, thus the change of scenery. Incidentally, we would welcome offers of photos taken of or from Sugar Hill by anyone, for future consideration as cover photos.

We are asking for a small increase in the Highway Department budget this year. The extra money in the summer maintenance fund will go toward our program of sidewalk improvement. Have you noticed the replacement construction of the past two years? We think it will be a great improvement when the job is completed. The extra money requested in the winter maintenance fund is for salt. As we continue to add to our surfaced highway mileage, we find it necessary to use more salt to keep the customers happy.

We are requesting a fairly sizeable sum from the equipment reserve fund for new highway equipment. It becomes increasingly difficult to borrow this equipment from the State Highway Department or from neighboring towns who have it. The increased mileage of surfaced roads gradually changes our maintenance program and if we are to continue we need equipment of our own.

We have requested the insertion in the School Warrant of an article to see if the District will vote to lease or sell the site where the present highway shed is located. Once this is taken care of we are going ahead with construction of the highway garage for which we raised funds two years ago.

As you know, at the last annual meeting the voters decided that the time had come for full time police protection. The sum of \$6,000 was raised and Mr. Gary Young was elected Police Officer. Chief Young has his own report elsewhere in the book. In the financial statements you will notice that the sum expended was less than the amount raised. This is due to the fact that the report covers a period of 34 weeks. The balance of the appropriation will have been spent by the time of the annual meeting in March. We must admit that we were amazed at the action taken by the voters at the last annual meeting but upon reflection, we think it was for the best. There was much less damage and delinquency this past season, even though there were record breaking numbers of tourists in the area. As far as the Selectmen were concerned, it was a nice, quiet season. Once again, this is a matter for you to decide. It is the duty of the Selectmen to administer the programs chosen by the people.

The Fire Department, under the leadership of Chief Albert Aldrich, has completed installation of radio equipment, including 22 monitor radios which are placed in the homes of the department members. The cost of this improvement was about \$3,900, none of which came from your tax dollars. At the time of installation the nearest department with such equipment was Berlin, N. H. Our congratulations are extended to all concerned.

The vexing problem of the split school districts was solved once and for all last year. From now on you will receive a tax bill from the Town of Sugar Hill for all of your Sugar Hill property taxes. After this year there will be one tax rate for the whole town.

We wish to thank Mr. "Ed" MacEwan, of the Harrison Publishing House for his assistance in our effort to upgrade our annual reports. The cost of many of our improvements would be prohibitive without his help.

The Town Tax Rate decreased last year for the third year in succession. We had predicted that it would but after the increased spending at the annual meeting we were doubtful. The decrease was due to the increase in valuation which was substantial. We expect another good sized increase in valuation this year and if spending is not increased beyond our recommendations we should at least "hold the line" with the tax rate.

The completed Planning Study Report has been printed and copies are available in the Selectmen's office. As funds were not available to furnish enough reports for each family we will loan the reports to any who care to read them. Please come in at any Selectmen's meeting and take your turn. We only ask that they be taken care of and returned in a reasonable time so that all that wish to read them may do so. Please do not take them without signing for them with the Selectmen. We think the information and recommendations in this report make good sense. We hope that you are all interested.

We have received a number of comments lately about the controversy stirred up by the proposed zoning ordinance. In our opinion this is a healthy sign and at least shows a sizeable interest in town affairs even though we can't all agree with each other. We prefer constructive dissent rather than apathy at any time. Those of you who have had the interest and courtesy to at least attend the hearings of the Planning Board, even though you may not have agreed with their recommendations, have the thanks of the Board of Selectmen.

## REPORT OF POLICE DEPARTMENT

At the annual Sugar Hill Town Meeting in the spring of 1967 the towns people felt the necessity of more police protection and elected a full time Police Chief.

Since the establishment of this Department there has been a total of 92 arrests.

10 arrests were of criminal nature which solved many of our malicious damage to property and breaking and entering complaints. In hopes of preventing any further malicious damage to property and breaking and entering the Department will continue to make constant checks of all property including summer homes which have been closed for the winter.

The remainder of the arrests were on motor vehicle violations and were as follows: 42 arrests for speeding, 13 arrests for operating an unsafe vehicle, 7 arrests for passing on a solid yellow line, 6 arrests for operating without a valid license, 3 arrests for operating an overloaded vehicle, 3 arrests for failure to stop for a stop sign, 2 arrests for operating an unregistered vehicle, 2 arrests for operating an uninspected vehicle, 1 arrest for unlawful parking, 1 arrest for failure to produce a licence, 1 arrest for operating without proof of financial responsibility and 1 arrest for operating under the influence of alcohol. In addition there were approximately 300 warnings given for minor infractions of the motor vehicle laws.

Considering that route 117 connects two major highways which creates considerable traffic through Sugar Hill Village, we are glad that we can report no more than 5 accidents which took place within the boundaries of the Town of Sugar Hill during 1967 and of these 5 only two involved personal injuries and these were of very minor nature. The remainder involved property damage only. This record number is considerably lower than in previous years and we believe this is due mainly to thorough and strict enforcement of all motor vehicle laws.

Due to the large number of small children along our main street as well as our side roads we feel it is very necessary that we continue to enforce our motor vehicle laws to the fullest extent of the law. In two particular arrests for speeding they ranged as high in speed as 70 miles per hour in a 25 miles per hour zone and 75 miles per hour in a 40 miles per hour zone.

I would like to express to everyone in Sugar Hill my sincere appreciation and thanks for the interest, support and excellent cooperation which has enabled the Department to serve our Community.

Respectfully,

Gary G. Young  
Chief of Police

## REGULATIONS FOR SUGAR HILL POLICE DEPARTMENT

Adopted by vote of the Board of Selectmen  
Recorded by the Town Clerk March 20, 1967

Pursuant to a majority vote by the people at the Annual Town Meeting of March 14, 1967, directing the Selectmen to employ a police officer on a full-time basis, the following regulations are hereby adopted by the Board of Selectmen for the guidance of the Chief of Police and any other police officer:

1. Pursuant to the authority granted to the Selectmen by the town vote on Article 3 of the March 1967 town meeting, the Chief of Police shall be paid a weekly salary of \$100.00. He shall receive a mileage allowance of 6 cents per mile and other incidental expenses not to exceed a total of \$800.00 per year for mileage and all other expenses.
2. As a full-time employee of the town it is the decision of the Selectmen that the Chief of Police shall furnish his own uniform as does any other full-time employee.
3. The Chief of Police is hereby authorized to determine his own working hours, accountable to the people, and shall have one day of rest per week.
4. The Chief of Police is hereby authorized to employ an officer to take his place at any time. Pay of said officer to be deducted from the Chief's salary.  
Said officer shall be employed by the Chief, subject to the approval of and appointment by the Board of Selectmen.  
The Chief of Police shall turn over said officer's time and mileage to the Selectmen for payment once each month, as near to the first of the month as is practicable.
5. The Chief of Police or any other police officer shall not purchase any item of equipment without prior approval of the Board of Selectmen.
6. The Chief of Police or any other police officer is hereby directed by the Board of Selectmen to be discreet and courteous at all times with the public. They are further directed that while on duty they are to remain within the town of Sugar Hill leaving its confines only on direct pursuit, or to go from one part of town to another or on other official police matters.
7. There shall be no more than one police officer on duty at any time unless prior authorization has been obtained from the Board of Selectmen or an accident or emergency such as fire or disaster exists.

## REPORT OF FOREST FIRE WARDEN & DISTRICT CHIEF

After several successive years of drought, the rains of 1967 came as a welcome change. Our record of the past fire season is good. Our thanks to all who contributed to achieve this good record. Continued improvement in the matter of accurate, prompt detection and rapid effective suppression action can help to maintain this good, worthwhile record even though we do not have an abundance of rain as in the fire season of 1967.

It will help if we follow these simple suggestions:

1. No burning of debris and waste between the hours of 9:00 A.M. and 5:00 P.M. and then only with a written permit from the Forest Fire Warden.
2. Take debris and waste to the town dump.
3. Maintain a clean, safe dump.
4. Keep matches away from young children.
5. Be sure matches and smoking material are dead out when we discard them.
6. Set a good example for others in fire prevention.

This picture was taken sometime prior to 1900, from a field which is now completely wooded, on the road past Donovan's Rest Home (Bickford Hill Road). The large building to the left is the Phillips House, on the location of Ross Coffin's home. The buildings next on the right are on the location of Peckett's. The large building in the center is the Franconia Inn. Below and to the right is the Goodnow School. On the extreme right is The Echoes, now the home of Mrs. Henry Theis (Iris Farm).

This picture, also taken sometime prior to 1900, shows the view in exactly the opposite direction from the first photo. The photographer stood in the pasture in the rear of the Franconia Inn. On the left, in the background is Franconia Village. Center is the Franconia Inn. In the distance, just to the right, is the Howland farm, now Donovan's Rest Home. To the right of that is the Goodnow farm house, now Peckett's, and to the rear is the Phillips House. In the far corner is the Westinghouse property.

On the back cover is a photo of an original "Concord" Coach, built by Abbott & Downing, Concord, N. H. The driver was Mr. Robert P. Peckett, owner. This coach was on display at the New York World's Fair, 1939-40. It was destroyed by fire in 1947.
